To our valued customers,

As you're all aware, we are seeing tremendous increases in Freight and Fuel surcharges. As a result, we must increase our delivery fees to offset these costs. We are certainly not alone in this as many of our competitors have already announced increased delivery fees and/or fuel surcharges.

Therefore, effective **Monday, April 4, 2022** our **Imperial Delivery Charge (IMPDC)** will **increase to \$30.00**.

We are closely monitoring these ongoing supply chain issues as they continue to affect every aspect of our personal and professional lives, and will keep you up to date with the most current trends as they unfold.

Your Imperial Pools Sales Representative will be contacting you directly to discuss how this may, if at all, affect pool kit deliveries. Thank you for your business and continued support.

Regards,

Mike Kennedy
Director of Distribution
